SHAPE-SHIFTING THE CHARACTER FOR EVOLUTIONARY TRANSFORMATION

New York City

Sunday, April 4, 2010, 10AM-5PM

In the tradition of Edgar Cayce, Seth, and ancient channeled teachings. This is a program within the Jerhoam's Mystery School. What is a mystery school? A mystery school is a university of the soul, a school for the study of the mysteries of the inner nature of humanity and of the universe.

“Shamanic shape shifting is frequently considered to be a form of magical performance. Character and its development is necessary for relation to family and relation to the world. A character is like floating on a ship, or a boat amidst the great ocean. The ocean itself is illumination. When you shape-shift character you learn to contact other aspects of the Greater Being in order to make use of all of the energies of existence. Shape-shifting into a new character is a metaphysical phenomenon that is easily taught to a willing heart. All alchemical schools address the dense character of the human being so that the dense character of the human being can become the many faces of the gods. Eventually becoming the One Face of the All of Existence of the Forever Moment. So be it.”
